DISCHARGER'S GUIDE TO THE STORM WATER MULTIPLE
APPLICATION AND REPORT TRACKING SYSTEM (SMARTS)
DATABASE

NO EXPOSURE CERTIFICATION (NEC)

Last Revised: June 1, 2020

Statewide Storm Water Industrial General Permit (IGP) –No Exposure

Certification:

Any Discharger operating a facility described in [Attachment A](https://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/industrial/2014indngenpermit/atta.pdf) (https://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/industrial/2014indngenpermit/atta.pdf) may register for No Exposure Certification (NEC) coverage if their facility has a condition of “No Exposure”. A Discharger must electronically certify and submit No Exposure Certification Permit Registration Documents (PRDs) via the State Water Resources Control Board’s (State Water Board’s) Storm Water Multiple Application and Report Tracking System (SMARTS) to obtain No Exposure Certification coverage under the Industrial General Permit.

The Discharger must evaluate eleven major areas where storm water exposure may occur, per the Industrial General Permit listing in [Appendix 2](https://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/industrial/2014indngenpermit/app2.pdf) (https://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/industrial/2014indngenpermit/app2.pdf). The Discharger must be able to certify that none of these major areas have potential for exposure. If the Discharger cannot certify all eleven major areas do not have exposure, the facility is not eligible for No Exposure Certification coverage.

The conditional exclusion for a discharger’s facility that certify as “No Exposure” does not become effective until the Permit Registration Documents are submitted, the annual fee is paid, and the application has been processed by the State Water Board. Once the State Water Board completes the application processing, the Discharger will electronically receive a No Exposure Certification acceptance notification via SMARTS, which will include a Waste Discharge Identification (WDID) number (also called the NEC ID for this application type).

A Discharger must maintain a condition of “No Exposure” at the facility for the conditional exclusion to remain applicable. The Discharger must annually electronically re-certify the No Exposure Certification via SMARTS (by October 1st of each reporting year) to confirm that the conditions of “no exposure” are being maintained. If any conditions change at the facility resulting in the exposure of industrial materials and activities to storm water, the Discharger must immediately submit Permit Registration Documents via SMARTS for Notice of Intent (NOI) coverage under the Industrial General Permit.

The No Exposure Certification Permit Registration Documents must be submitted and certified by the facility's Legal Responsible Person (LRP). The following steps guide an Legally Responsible Person to submit the required documents:

Electronic Fund Transfer

Please Use Information Below To Pay Online

SWRCB Application No.: SA469304
Amount Due to SWRCB: \$150

The Water Boards provides two methods to pay online.

Electronic Fund Transfer - The EFT Automated Clearing House (ACH) Debit method allows the state's data collector to electronically debit your bank account and credit the state's bank account. Your account will be debited by the state's data collector "First Data" only upon your initiation and for the amount you specify.

Credit Cards - The state's data collector "Official Payments Corporation" payment system allows you to use a credit card to make a payment to the State Water Resources Control Board. You will be responsible for paying the 2.3% convenience fee (\$1.00 minimum) charged by "Official Payments Corporation" when making a credit card payment on their website. This fee is in addition to the amount owed to the State Water Resources Control Board. To make a payment by Visa, MasterCard, or Discover you will have to select the following:

1. Click on STATE PAYMENTS and then select California
2. Payment Entity - select State Water Resources Control Board
3. Payment Type - select either Application Fees

After all 3 items are filled in, click on Make a Payment button and you will be taken to the payment page where you can begin your payment.

By using First Data or Official Payments Corporation, you will be leaving the State Water Resources Control Board's (SWRCB) website and entering the State's data collector's website. First Data and Official Payments Corporation are not affiliated with the SWRCB and the SWRCB is NOT responsible for the contents or links contained on their website. The SWRCB recommends that you read and evaluate First Data's or Official Payments Corporation security and confidentiality statements.

Failure to correctly enter the application number and amount may lead to delays in processing the application.

Pay by EFT **Pay by Credit Card**

15. A Waste Discharge Identification number (noted as NEC ID) will be assigned once the State Water Board receives payment, a valid eAuthorization form is on file, and the processing of the No Exposure Certification documents has been completed:

NEC ID/App ID: 5S34NEC003209 - 486221	Operator: Test Site	Certified Date: 05/08/2017
